

SK Global Scholarship Program Information Session

Date: August 20, 2024

Venue: Room 401, Korea University Graduate School Library

KOREA UNIVERSITY
Graduate School

SK Global Scholarship Program?

- The SK Global Scholarship program is for students who desire a **master's degree in the field of "Semiconductor" or "Artificial Intelligence/Information Technology"** at Korea University Graduate School (KUGS).
- SK Global Scholarship program is intended to **enhance international education exchange and deepen mutual friendship between the Republic of Korea and 19 European countries.**

SK?

- **SK Hynix** is a leading global semiconductor manufacturer, holding a 35% share of the DRAM market and dominating the HBM market with 73% global share as of 2024.
- **SK Telecom (SKT)**, South Korea's top telecom provider with a 39% market share, is evolving into a platform-driven company, supporting IoT, AI, 5G, and more.
- **SK Broadband** enhances digital life with high-speed internet and IPTV, having pioneered ADSL and IPTV services in South Korea.
- **SK C&C** delivers IT solutions and drives digital transformation with expertise in AI, Cloud, and Digital Manufacturing across various industries.

Eligibility & Benefits

Eligibility

- Bachelor's degree holder
- Citizenship of 19 European countries
: Lithuania, Latvia, Belarus, Poland, Ukraine, Moldova, Georgia, Czech Republic, Slovakia, Romania, Bulgaria, Austria, Hungary, Slovenia, Croatia, Bosnia and Herzegovina, Montenegro, North Macedonia, Serbia

- Medical Insurance for 2 years (Standard amount set by KU)
- Korean Language Training Fee (more than around USD 880)

University Partnerships and Collaborations

Partner Universities

- Czech Technical University in Prague (Czech Republic)
- National University of Science and Technology POLITEHNICA Bucharest (Romania)
- Vilnius Gediminas Technical University (Lithuania)
- Kaunas Technical University (Lithuania)
- Ivane Javakhishvili Tbilisi State University (Georgia)

Collaborating Universities/Organizations

- Comenius University Bratislava (Slovakia), Slovak University of Technology in Bratislava (Slovakia), Warsaw University of Technology (Poland), University of Belgrade (Serbia)
- Embassy of the Republic of Lithuania, Embassy of Hungary, Embassy of Korea Republic in Slovakia & Poland, King Sejong Institute Foundation

Program Quota & Application Period

Quota

- Semiconductor/Physics: 10
- AI/IT: 10

Master's degree course (2 years)

Fields	Available Majors
Semiconductor (Electrical and Computer Engineering)	Semiconductor and Nano System; Integrated Circuits; Computer Engineering; Communication and Networks; Signal Processing and Multimedia; Electrical Energy; Control, Robotics and Systems
Physics	Condensed Matter Physics; Elementary Particle (High-Energy) Physics; Nonlinear Dynamics & Biophysics & Nuclear Physics; Quantum Information Physics; Quantum Optics; Statistical Physics

- * The application for AI/IT field will take place in March 2025.
- * Quota: 10

Application Period for Spring 2025

- Online Application :
September 2 ~ September 13, 2024
- Document Submission:
September 2 ~ September 20, 2024
